

## Application Form for Graduate Student Knowledge Mobilization Fund

### OVERVIEW

Biomedical Engineering graduate students (MAsc and PhD candidates) supervised by full, joint, or associate School of Biomedical Engineering (SBME) Faculty Member can apply for funding to implement workshops related to knowledge mobilization, professional development and other related activities. Each initiative must be open to all trainees in SBME.

There is a limit of one submission per trainee in each academic year. Please complete and submit the following form to the SBME Administrative Office at [awards@bme.ubc.ca](mailto:awards@bme.ubc.ca). Each application will be reviewed and a decision communicated within one month of submission. Applicants may be asked to provide further justification before proposal is approved.

Approved initiatives will be eligible for a maximum of \$2,000. Reimbursement guidelines will comply with University of British Columbia policies.

### ELIGIBILITY

MAsc/PhD candidates in the Biomedical Engineering program supervised by full, joint, or associate SBME Faculty Member.

Limit of one submission per trainee in each academic year.

### PROCEDURE

Submit the application form as a PDF with the file name "Graduate Student Knowledge Mobilization Fund - <NAME>" to [awards@bme.ubc.ca](mailto:awards@bme.ubc.ca).

Use the following format as the subject line: "Graduate Student Knowledge Mobilization Fund - <NAME>"
